产品描述

产品描述

10.1 inch monitor with high resolution 1024x600 pixel digital colour panel and adjustable guidelines. It runs off 12v or 24v automatically adjusting between the two. It uses the locking 4 pin connectors that provide power back to the cameras simplifying the wiring needed to just a positive and negative supply off the ignition. It has two AV channels and can be wired in to automatically switch to AV2 on engaging reverse.
