产品描述

10 inch quad screen is a larger version of our for the person who needs a larger picture. It can display up to 4 cameras at a time with a variety of screen modes giving a single camera, 2 cameras, 3 cameras or 4 cameras. In 4 camera mode it can display in either the classic quad mode or the H pattern which is ideal if you have side cameras. It will work on both 12 or 24v vehicles, automatically adjusting to the voltage supplied.
