

产品编号	28
产品名称	4 Channel 10.1 inch DVR Monitor with Reversing Ca
产品型号	CS-S1019TMQ-DVR
产品类型	
产品分组	Car DVR monitor

产品属性

Model Number	CS-S1019TMQ-DVR	Brand Name	NEW
Place of Origin	Guangdong China	Panel	10.1 " high digital new panel , 16 : 9 image
System	PAL / NTSC system	Resolution	1024 x RGB x 600
Video	4 pin connector 4 video inputs	Brightness	300 cd/m2
Contrast	400 : 1	View angle	L/R:70,UP:50,down:70 degree
Image	Single /Split /Quad view selectable	Language	8 languages OSD, remote control
Video compres...	H.264	DVR image	640*480
Storage	format:AV1	Video storage	64GB SD CARD
Trigger	3 ways,trigger delay 0s-5s adjustable	Trigger priority	CAM 2>CAM 3>CAM 4
Function 1			
High-low voltage protection & short circuit protection		Optional	Built in speaker
Power supply	DC 9~32 V	Dimension:(wi...	25.5 x 16.7 x 3.0cm
Dimension:(wi...	27.5 x 18.4 x 7.8cm	Operating Tem...	-20°C - +75°C
Storage Temper...	-30°C - +80°C	model_number	CS-S1019TMQ-DVR
brand_name	NEW	place_of_origin	

包装信息

包装单位		每包装产品数	5
包装体积	9.5m ³	包装毛重	7.5kg

包装说明

1pc*monitor 1pc*User's manual 1pc*Power cable 1pc*Remote controller 1pc Sun shade 1pc*U-bracket 4pcs*Screw 4pc*camera(optional) 4pc*20M extension cable(optional) 4pc*AV adapter cable(option)

产品描述

产品描述

Make driving easier with this 10 Inch DVR Monitor 4 Channel Reversing Camera Kit. The monitor can show single, dual, triple, quad image if you switch over AV button when connecting with 4 cameras. Cameras can also be powered up by the monitor - no extra power source required. Reversing camera image can show up automatically on the screen when reversing gear is induced by connecting the trigger wire to the reversing light. All cameras can be shown on the screen at all times when driving - perfect for trucks or caravans that need to monitor the rearview all the time. This system also comes with 3 trigger wires for cameras. Once a trigger wire is activated, for example, when the reverse gear is induced, it will show the rearview automatically. Or when the vehicle is put on the turn right signal, the monitor will switch to the right camera automatically to give a clear view on the right side of the vehicle before making a turn. The 4 Channel Reversing Camera Kit is suitable with 12V/24V power supply and is recommended for buses, trucks, trailers, and heavy equipment vehicles.
